

<b>Mobilitätsprogramm</b>	Erasmus+
<b>Partneruniversität</b>	Bergen Arkitekthøgskole
<b>Besuchtes Studienfach</b>	Architecture
<b>Semester</b>	2nd semester Master
<b>Name und E-Mail fakultativ</b>	

<b>Gesamteindruck</b> Mobilitätsaufenthalt bitte kurz in 4-5 Sätzen beschreiben	Bergen was amazing. Unfortunately, COVID made the wonderful experience too short. I arrived the second of January in Bergen. Nevertheless, it is unbelievable what great friends and moments you are able to take back home, also with a reduced stay of just 2,5 months.
<b>Einreise/Ankunft</b> Einreiseformalitäten, Visum	It was raining really heavy and it was dark, but I didn't expect something different. Welcome to Bergen. The journey to Bergen was easy. I flew directly from Munich to Bergen airport. Without and difficulties I went by public transport to my room in a dormitory.
<b>Zimmersuche/Wohnen</b> Hilfreiche Kontaktdaten	Finding a room in Bergen is not always soo easy. Sometimes you are lucky, sometimes you are not. Every exchange student coming to Bergen has a safe room in the dormitory. I was living in Hatleberg which had a perfect distance to University, City and nature.
<b>Öffentliche Verkehrsmittel</b> Bahn, Bus, Erreichbarkeit Uni	As said the university was really close to my room in Hatleberg. The whole public transport system in Bergen is really easy and not so expensive. I would say around 50€ / month.
<b>Vorbereitung Studium</b> Kursanmeldungsprozedere, Sprach- und Studiennachweise	The Architecture School in Bergen is great. The whole school felt like a big family. Everybody is trying to help you and if you ask around you will find your way. Directly after finishing my semester I got the whole confirmations without any troubles. To sign up for the courses was also simple, I did it online and there was a choice between two studios including everything for 30 ECTS.
<b>Infos Universität</b> Lage, Grösse, Infrastruktur	The University itself has a lot of character. It is an old renovated mill used as architecture school. From outside you will have some troubles the first time really finding the entrance of the school. The school itself offers workshops (wood, metal, laser cutter ...) secretary, printer room, a big kitchen which students can use during lunch and night events. The school is directly on the water front with a great view over the fjord. Ah and there is as well a self built sauna by students ;) which can be used.
<b>Sprachkurs an der Universität besucht</b> Kursinhalt, Nutzen	There are no language courses at the school. Norwegian you will learn a bit through your local friends you make and the level of English is really good. I haven't been the only exchange student. There have been some from Canada, Belgium, Copenhagen ...
<b>Betreuung an der Universität</b> Studienberatung, International Office, Buddy, Studierendenkontakte	Since university is really small it is super easy to ask for help.
<b>Studieren an der Universität</b> Kursinhalte, Anrechnungen, Prüfungen	I made 30 ECTS during my stay and back home in Liechtenstein 27 ECTS got recognized as for every exchange student.

<p><b>Kostenplanung</b> Lebenskosten, Studienmaterial, Geldüberweisungen</p>	<p>Life in Norway is really expensive. Especially alcohol! I would say you need to calculate around + - 1100€ per month.</p>	
<p><b>Leben/Freizeit</b> Treffpunkte, Sport, Kultur</p>	<p>Norway has a lot of nature and beautiful landscapes. You will go for quite some hikes. Since it is raining a lot take good equipment with you.</p>	
<p><b>Vergleich Universitäten</b> Was ist besser/schlechter an der Partneruniversität als an der Universität Liechtenstein</p>	<p>I learned a lot during my exchange semester. I really enjoyed that I had more time to enjoy my life besides studies and get a clear mind. It was great that there haven't been soo many additional lectures with loads of work. There was time to focus more on your design studio and reflect what you are actually doing. It is a perfect study life balance.</p>	
<p><b>Fotos</b> Eindrücke vom Leben, Studieren, Umgebung (kann auch ein Dropbox-Link sein)</p>	<p>see impressions from life at school and outside at the bottom ..</p>	
<p><b>Fotos</b> Verwendung der Fotos für Werbezwecke erlaubt?</p>	<p><b>Ja</b></p>	<p><b>Nein</b></p>
