

48th AFTER-WORK LECTURE ON ASSET & INVESTMENT MANAGEMENT

WEDNESDAY, 10 NOVEMBER 2021

Chair in Business Administration, Banking and Financial Management
Institute for Finance

THE MAGIC OF 3D PRINTING - Technological Insights and Venture Capital Opportunities

- *Arno G. Held*, Managing Partner, AM Ventures Management GmbH, Starnberg, Germany
- *Dr. Manuel Schaffner*, Co-founder and CEO, Spectroplast AG, Zurich, Switzerland
- *Peter Tschütscher*, Senior Director, KGAL Investment Management, Munich, Germany

After-Work Lectures on Asset and Investment Management

Series of lectures on current developments in Asset and Investment Management. Exchange of ideas amongst professionals of Corporations, Banks, Asset Management, Investment and Insurance Companies, Financial Advisory Services, Tax Administration, Lawyers, Trustees, Fund Managers and Financial Auditors.

Abstract

Arno Held gives insights into the world of industrial 3D Printing. He shows how the technology works, what makes it so disruptive and how both industrial and consumer applications are addressing the world's biggest challenges towards a sustainable future.

Furthermore, we will get deeper insights into the world of VC investing for the case of 3D printing as an investment case with great potential going forward. We will discuss an actual investment case, namely AM Ventures €100 million venture capital fund launched in 2021. The fund is dedicated exclusively to industrial 3D printing. The central focus of the fund is to strengthen the fundamentals and early growth stage of hardware, software, material and application start-ups in industrial 3D printing worldwide.

Main Speaker

Arno Held, co-founder and managing partner of AM Ventures. He specializes on the AM Ventures ecosystem, as well as the firm's global footprint and organizational growth. Arno has been instrumental in building the AM Ventures team that has scouted more than 2.500 3D printing start-ups all over the world, conducted more than 30 rounds and built a portfolio of 15+ shareholdings in 6 countries on 3 continents. In total, Arno has more than 23 years of experience in industrial laser and manufacturing technologies and spent more than half of this time in the world of industrial 3D printing.

CE Qualified Activity

This event is a CE Qualified Activity and earns CFA Institute members 1.0 CE credits. For further information, please refer to the back of this brochure.

Master (MSc) in Finance

The Master's degree programme in Finance is an internationally recognised Master's degree programme and is currently one of the few English programmes in the German-speaking area with a focus on asset management, risk management and international finance.

This programme is unique thanks to its international approach, its CFA-oriented curriculum and its personal study environment, where students are treated as individuals. Around forty students from all over the world are admitted every year.

Next Start: September 2022
