| Gesamteindruck Mobilitätsaufenthalt bitte kurz in 4-5 Sätzen beschreiben | To put it in a nutshell, my stay at Kozminski University was a lifetime experience, and I feel sorry that I cannot stay longer there. The organizational effort is worth it in the end, and you will look back to a good time in Warsaw; I promise! My three main impressions were: <ol style="list-style-type: none"> 1. A very interesting culture and even more interesting people. 2. High quality classes and teachers at Kozminski University. 3. Well-known university at bigger firms. |
| Einreise/Ankunft Einreiseformalitäten, Visum | No requirements for an EU student. |
| Zimmersuche/Wohnen Hilfreiche Kontaktdaten | Own flats are on the same price level as in other European cities. Offer of flats was not big and signing contracts are complicated as a foreigner. I recommend: Chopin Eco Appartments: booking@ChopinApartments.pl Safestay Hostel: safestaywarsaw@safestay.com |
| Öffentliche Verkehrsmittel Bahn, Bus, Erreichbarkeit Uni | A student ticket for public transport is cheap and can be bought inside the trams on the yellow machines (only zone 1 needed). It costs around CHF 35 for three months. You can go everywhere by public transport and it takes around 20 min from the old town to the university. |
| Vorbereitung Studium Kursanmeldungsprozedere, Sprach- und Studiennachweise | Course registration is possible two to three weeks before the semester starts and goes easily over the IT system of Kozminski University (but you need to be fast to get the desired courses). English language skills should be at least at the level of B2. |
| Infos Universität Lage, Grösse, Infrastruktur | The university is based North-East of the old town and can be reached easily by tram. The university has medium size and an app gives you direction in the buildings. There are restaurants inside the university as well as a bank and post office. |
| Sprachkurs an der Universität besucht Kursinhalt, Nutzen | No language course was attended. |
| Betreuung an der Universität Studienberatung, International Office, Buddy, Studierendenkontakte | The international office was very helpful with every issue from health insurance to getting the administrative tasks like signing documents done. Full-time students offered helped for any issues you have as a foreigner in Poland. It is a very international university and I made many international contacts there (from Poland but also from all over the world). |
| Studieren an der Universität Kursinhalte, Anrechnungen, | The courses had a very high quality and were very practical at the same time what helped me in my interviews later very much. Motivating examination modes made the |

| | | |
|--|---|-------------------------------|
| Prüfungen | lessons interesting and exciting. Examinations contained of essays, normal exams, group projects, presentations, homework, quizzes, and class participations. Good grades need a certain amount of effort but the grading seemed fair and transparent to me. No experiences can be shared about the grade acknowledgement at the University of Liechtenstein at this point of time. | |
| Kostenplanung Lebenskosten, Studienmaterial, Geldüberweisungen | The costs for accommodation are relatively high compared to the costs for food or activities in Warsaw. The flight was at my time between 120 and 300 EUR (one-way). The Erasmus scholarship partially covered the costs of living. Books are provided by the university in an electronic format in most of the cases and printers are available inside the university against a small fee. I used an international credit card which can be used for most things in Warsaw. Cash can be withdrawn from the official banks. | |
| Leben/Freizeit Treffpunkte, Sport, Kultur | Many activities are offered by the student association and the university provides a gym on the campus. Cultural events like theater visits were also organized by students from the Kozminski University. I recommend the city tour in the first days very much to get a feeling for the city and get in touch with the other Erasmus students. | |
| Vergleich Universitäten Was ist besser/schlechter an der Partneruniversität als an der Universität Liechtenstein | The quizzes during class were very motivating at Kozminski University which could be an element implemented in the classes at my home university as well. However, is the surrounding of the University of Liechtenstein nicer and offers more opportunities for the time beside the university. Furthermore, lecturers are better available at my home university. | |
